Markup Assist makes it simple to add review marks, flags and annotation to your drawings. Review marks can be used for tracing and annotation (such as signatures) and markings can be used to trigger actions when you need to check for conflicts or make other annotations. (video: 2:55 min.) Add 2D Annotations to the Model Space: Add review marks and flags and quickly trigger actions based on annotation type. Choose the right marks and flags for your workflows, and apply them to your drawings quickly, automatically, and accurately. (video: 1:07 min.) Support for CadSoft DesignX (formerly ArCHIVE 360): Use the DesignX Viewer within AutoCAD for viewing and interacting with CAD files in DesignX format. (video: 1:04 min.) See autoCAD-2019.pdf for detailed information about new features in AutoCAD 2019, the 2019 release of AutoCAD. The AutoCAD product family (AutoCAD, AutoCAD LT, AutoCAD Design, AutoCAD for Cloud, AutoCAD for Android) is designed to work together. Access all of the products in a single installation on your PC or on the cloud. With the cloud option, files and drawings can be edited, as well as shared and published directly in cloud services, without the need to install a new copy of the software. With this feature you can now install a single AutoCAD copy on your PC and access all features of AutoCAD, AutoCAD LT and AutoCAD for Cloud. AutoCAD® Electrical continues to support Mac® OS 10.9 through the end of support. This version is available as a digital download from Autodesk.com as well as from the Autodesk App Store on iOS (iPhone, iPad, and iPod touch) and the Autodesk App Store on Android (phones and tablets) devices. Note: Autodesk recommends that AutoCAD® Electrical 2020 users upgrade to AutoCAD® 2023. See the AutoCAD® Electrical 2020 release notes for the latest information on the release. Here are the available updates for AutoCAD® Electrical 2020. To learn about the new features and capabilities in AutoCAD® Electrical 2020, see the AutoCAD® Electrical 2020 release notes.
