Category:Autodesk Category:3D graphics software Category:3D rendering software for Windows[Anti-SLA/LP antibodies in cytomegalovirus infection. I. Serologic response and antigen prevalence]. The presence of immune complexes (IC) was investigated in sera from patients with cytomegalovirus infection and a relationship was found between the level of IC and an increase in the titer of anti-SLA/LP (SLA/LP) antibodies. No relationship was established between the presence of anti-SLA/LP antibodies and a previous history of acute disease. The role of IC in the host resistance to cytomegalovirus infections is discussed.Q: How to call application.properties properties from JSP? I'm trying to call a property from my application.properties file in a JSP file. but I got this error :
Could not resolve placeholder 'org.apache.tomcat.jdbc.pool.DataSource' Here is my application.properties : server.port=8080 server.basePackage=org.eclipse.jetty.server logging.level.org.eclipse.jetty=INFO # connection.url=jdbc:mysql://localhost/javahandler # connection.username=test # connection.password=12345 # connection.driver=com.mysql.jdbc.Driver # connection.schema=db_name # connection.table=table # Enable MongoDB support connection.url=jdbc:mongo://localhost:27017/test connection.username=test connection.password=12345 # Enable AOP support spring.aop.version=1.0 Any idea? A: Try calling the property with getProperty as shown below
