**than ever before: The strength level, journey and rank of heroes has been adjusted and increased, as well as the potential of all table companions. All monsters and companions have big strength bonuses, perfect for creating a 4-on-4-fight.**

**An unexpected opportunity: On top of your table and all companion's potential you'll find a Mythic Zone! This zone gives players access to buff spells (shown on unique cards) in addition to level-dependent power. Powerful monsters such as Tsaknis, Zeus, and Hercules combine these abilities with their challenges and potential to create intense battles!**

## **Features:**

- Roll your heroes and monsters
- Fight your opponents!
- Item interaction: Ever wished players could use items on one of their hand to attack the enemy? Sounds mad, but now this is possible.
- Prepared and effective strategy tactics: The scheduler has been improved in the Tokenpack, alongside a complete ruleset in 4.5-6 hours available for the entire table. And we were able to add more quests and several new Quest Keys to improve the overall gameplay.
- No card repeats: The entire standard library offers many cards at the players' disposal, without any overlap.
